Workforce Innovation and Opportunity Act (WIOA) Services for Out-of-School Youth

A. OVERVIEW
WIOA outlines a broad youth vision that supports an integrated service delivery system and provides a framework through which local areas can leverage Federal, state, local, and philanthropic resources to support youth who need help to complete an educational program or find and hold employment. This vision inspired the Benton-Franklin Workforce Development Council (BFWDC) to partner with Educational Service District 123 (ESD123) to establish Tri-Cities Futures (TC Futures), a youth career development specialty center located at 6917 W. Grandridge, Suite E, in Kennewick near WorkSource Columbia Basin (WSCB). TC Futures offers a personalized system of support for youth between the ages of 16-24 including:

- Career exploration and guidance;
- Continued support for educational attainment;
- Opportunities for skills training, such as pre-apprenticeships or internships, for in-demand industries and occupations, and culminating with employment;
- Enrollment in postsecondary education; or
- Registered Apprenticeship

The Subrecipient shall deliver WIOA Title I Youth services to customers in a manner that supports the vision and mission of TC Futures. These services will be delivered through trained, competent staff with the skills, knowledge, and attitudes that are foundational to all levels of customer services.

B. TC FUTURES SHARED RESPONSIBILITIES
Subrecipient staff shall invest in an integrated system that shares common goals to deliver a seamless customer experience. Subrecipient staff shall work with partners to meet the needs of customers and share the responsibility for moving the youth specialty center towards service delivery excellence by providing the following services:

Resource Services
Resource services are critical services that set the tone for each customer visit. The TC Futures service delivery model utilizes a concierge-style approach that guides customers as they choose from an extensive menu of services. The Subrecipient shall provide staff to work in the resource area to deliver the full range of services needed to help customers obtain and retain employment. The Subrecipient shall provide resources that include, but are not limited to:

- A warm welcome to customers entering the specialty center.
- Triage of the customer’s needs to determine next steps.
- Orientation to the specialty center and resources, including assistive technology, referral to workshops, and general labor market information.
- Assisting customers in navigating WorkSourceWA to access job search tools and resources, career opportunities, build a resume, learn about occupations in demand, research training opportunities and more.
Job search, resume and application assistance.
Translation and interpretive service as needed.
Providing technical assistance with computers, scanners, assistive technology usage.
Assistance with job fairs, hiring and informational events.
Providing career training information and referrals to the appropriate staff.

**Workshop Facilitation**
Subrecipient shall share the responsibility of facilitating high quality and interactive workshops to youth on the basics of job search including: Skills and Abilities, Job Search Strategies, Resumes, Interviewing and Applications, and additional customized workshops identified through customer feedback. The Subrecipient shall contribute staff to facilitate such workshops within TC Futures.

**C. PROGRAM RECRUITMENT AND ORIENTATIONS**
Reaching priority populations and achieving performance outcomes begins with effective recruitment. The Subrecipient shall take WIOA youth services to the community through a broad based, targeted outreach effort. Community outreach includes strong referral relationships with ESD123, WSCB partners and community-based organizations. Social media such as Facebook will be used by the Subrecipient to reach further into the community as outlined in TC Futures Branding and Social Media Procedure No. 2019-04.

Recruiting for youth shall include conducting informational orientations to provide an initial overview of TC Futures services and WIOA eligibility requirements.

Comprehensive case management begins when the Subrecipient determines that the youth requires individualized career services to successfully attain employment, enter post-secondary education and/or attain self-sufficiency.

**D. ELIGIBILITY DETERMINATION AND PRIORITY REQUIREMENTS**
Individualized career services require eligibility determination and registration into the WIOA Out-of-School Youth (OSY) Program. The Subrecipient shall conduct intake and require 100% eligibility verification documentation as well as supervisory review and approval.

The Subrecipient shall determine OSY Program eligibility compliance with WIOA Section 129 (a) (C) and with Local BFWDC WIOA Policy #2015-01 Eligibility, and ensure the customer is:

- U.S. citizen or legally entitled to work in the United States;

WIOA Section 134 (c)(3)(E) states that priority for individualized career services and training services must be given to recipients of public assistance, other low-income individuals, and individuals who are basic skills deficient.

E. OBJECTIVE ASSESSMENT
In order to be enrolled in the WIOA OSY program, the customer must have received an objective assessment. The objective assessment is a crucial tool used to gather information about the
customer's basic skills, occupational skills, prior work experience, employability, strengths, interests, aptitudes, supportive service needs and developmental needs for the purposes of identifying appropriate services and career pathways for customers and developing the Individual Service Strategy (ISS) plan.

F. **INDIVIDUAL SERVICE STRATEGY (ISS) PLAN**

The ISS begins with an active interaction between the customer and Subrecipient resulting in a mutually developed plan. The Subrecipient shall develop an ISS for each eligible customer based on the results of an objective assessment. The ISS must be directly linked to 1 or more of the performance indicators mentioned on page 9-Section N. WIOA OSY Performance Measures, and identify career pathways that include:

- Education and employment goals (including, nontraditional employment)
- Appropriate achievement objectives, and
- Appropriate services for the customer taking into account the results of the objective assessment.

Subrecipient shall develop the ISS with the customer and case notes will document the on-going services provided, customer’s progress, activities completed, benchmark reached, and any other accomplishments. The Subrecipient shall follow Local BFWDC WIOA Individual Service Strategy Plan Policy #2015-19.

G. **14 PROGRAM ELEMENTS**

Along with intake, eligibility, objective assessment, and development of ISS, the Subrecipient shall make each of the following program elements available to eligible youth customers:

1. **Tutoring, Study Skills Training, Instruction and Dropout Prevention Strategies** - Provide academic support, assist with overcoming learning obstacles, and/or provide tools and resources to develop learning strategies. Dropout prevention strategies include activities that keep a youth in-school and engaged in a formal learning and/or training setting.

2. **Alternative Secondary School Services** – Assist youth customers who have struggled in traditional secondary education utilizing activities including: Basic education skills training, individualized academic instruction, English as a Second Language training, counseling and educational plan development.

When a customer between the ages 16-20 has determined that a General Equivalency Diploma (GED) is the best educational option, Subrecipient shall connect the customer to the Open Doors High School Re-engagement program to ensure other community resources are utilized before using WIOA financial resources. Customers will receive wrap-around support services to help them achieve their secondary completion goals and successfully navigate the transition to postsecondary education and/or employment.

3. **Paid and Unpaid Work Experience** - Enhance the employability of a customer who has limited work history by providing short-term work experiences to develop good work habits
and build work skills to demonstrate they can do a job. A Work Experience (WEX) helps the customer gain experience in their area of interest, obtain a letter of recommendation, create networking opportunities and boost their resume with real world job specific skills. The Subrecipient shall follow Local BFWDC WIOA Work Experience Policy #2015-06 when establishing a WEX for a customer.

At least 20 percent of local Youth formula funds must be used for WEX, such as summer and year-round employment, pre-apprenticeship, on-the-job training, or internships and job shadowing.

On-the-Job Training (OJT) is another important type of work experience that can be offered to local employers and job seekers. OJT puts unemployed customers to work earning a wage while they receive training to address gaps in their skill set that hinders them from fully performing a job. For employers, OJT offers the opportunity to offset initial training costs associated with training a customer who does not possess all of the skills, training, education, and/or work experience required for the job, while building organizational productivity as the customer learns job requirements. The Subrecipient may reimburse the employer up to 75% of the customer’s wages while in an OJT. The duration shall be appropriate to the occupation for which the customer is being trained, taking into account training content, the customer’s prior work experience, and the customer’s service strategies. This tool will only be used by customers who have demonstrated a desire to succeed by meeting participation and attendance requirements in prior service components. The Subrecipient shall follow Local BFWDC WIOA On-the-Job Training Policy #2015-05 when establishing an OJT for a customer.

4. Occupational Skills Training — Customers interested in improving their vocational skills or in gaining occupational certificates can engage in training opportunities targeting growth industries. The Subrecipient shall utilize Individual Training Accounts (ITA) to provide customers with specialized training services through state approved training providers who are listed on the Washington State Eligible Training Provider List (ETPL). ITA’s are designated to provide education and skills to customers who are in need of training to prepare them for employment.

The Subrecipient shall maximize customer choice when selecting an eligible provider for training, per 20 CFR 680.340. The Subrecipient shall work with their customers to develop training plans that leverage outside resources, including but not limited, to Worker Retraining, PELL Grants, Scholarships and Commissioner Approved Training. Emphasis shall be placed on training plans driven by labor market demand and leading to a clear path to employment. The ISS and associated ITA shall reflect combined resources from various funding sources being applied to a customer’s plan as well as specific WIOA dollars needed to achieve goals. There is a local lifetime limit per customer of $10,000. The Subrecipient shall follow Local BFWDC WIOA Policy #2015-04 Individual Training Accounts when providing this training service.

5. Education Offered Concurrently with Workforce Preparation — The Subrecipient shall ensure that every work experience includes an academic and occupational education component,
which refers to contextual learning that accompanies a work experience. The Subrecipient shall follow Local BFWDC WIOA Work Experience Policy #2015-06 when providing this component.

6. **Leadership Development Opportunities** - The Subrecipient shall encourage responsibility, confidence, employability, self-determination, and other positive social behaviors. Examples of leadership development includes: exposure to postsecondary educational possibilities; community and service learning projects; citizenship training including life skills training such as parenting and work behavior training and activities that place youth in a leadership role, such as serving on youth leadership committees.

7. **Support Services** - Support services are utilized to enable the customer to participate in WIOA program activities and transition to self-sufficiency. The Subrecipient shall use the self-sufficiency calculator to assist the customer in budget planning and to determine what their needs will be to successfully complete their training plan and job search. The Subrecipient shall assist the customer in identifying gaps and in locating resources to close these gaps. All support services allowed by law will be used to remove or neutralize barriers to participation and employment.

Only after the Subrecipient is unable to obtain supportive services through other programs or community resources will WIOA funded supportive services be used to assist the customer. Supportive services can be used to purchase items and services related to employment, education and training. The Subrecipient shall follow Local BFWDC WIOA Support Services Policy #2015-02 when providing support services to customers.

8. **Adult Mentoring** - The Subrecipient shall connect customers to adult mentors that offer guidance, support and encouragement to develop the competence and character of the youth.

9. **Follow-up Services** - The Subrecipient shall ensure customers are successful in employment and/or postsecondary education training. Follow-up services must be provided to customers for a minimum of 12 months. Follow-up services may include, but are not limited to:

- Regular contact with the customer or employer for verification of employment;
- Assistance in securing better paying jobs;
- Additional career planning and counseling;
- Assistance with work-related problems;
- Peer support groups;
- Information about additional educational or employment opportunities, and
- Referrals to community agencies such as Temporary Assistance for Needy Families (TANF), Department of Social and Health Services (DSHS), Community Action Committee (CAC) and other local resources available on 211info.org.
Subrecipient shall use the State’s Management Information System (MIS), currently the Efforts to Outcome (ETO) or its successor to track all follow up services. The Subrecipient shall follow Local BFWDC Youth Follow-up Service Policy #2015-15.

10. Comprehensive Guidance and Counseling - The Subrecipient shall provide individualized counseling to customers, refer them to partner programs and coordinate with program partners to ensure continuity of services.

11. Financial Literacy Education - The Subrecipient shall provide customers with the knowledge and skills they need to achieve long-term financial stability. Financial literacy education encompasses information and activities on a range of topics, such as creating budgets; setting up checking and saving accounts; managing spending; credit and debt; understanding credit reports and credit scores; and protecting against identity theft.

12. Entrepreneurial Skills Training - The Subrecipient shall help their customers develop the skills associated with entrepreneurship, such as the ability to take initiative, creatively seek out and identify business opportunities, develop budgets and forecast resource needs, understand various options for acquiring capital and the trade-offs associated with each option, and communicate effectively and market oneself and one’s ideas. Examples of approaches to teaching entrepreneurial skills include:
   - Entrepreneurship education introducing to the values and basics of starting and running a business, such as developing a business plan and simulations of business start-up and operation
   - Experiential programs that provide youth with experience in the day-to-day operation of a business

13. Services that Provide Labor Market and Employment Information - The Subrecipient shall provide career awareness, career counseling, and career exploration services. Labor market information also identifies employment opportunities, and provides knowledge of job market expectations, including education and skill requirements and potential earnings. User friendly tools and applications are available at ESD Labor Market Information Website to provide labor market and career information to youth. This tool can be used to help youth make appropriate decisions about education and careers.

14. Postsecondary Preparation and Transition Activities - The Subrecipient shall help customers prepare for and transition to postsecondary education and training. These services include helping youth explore postsecondary education options, including technical training schools, community colleges, 4-year colleges and universities, and Registered Apprenticeship programs. Examples of other postsecondary preparation and transition activities include:
   - Assisting youth to prepare for SAT/ACT testing
   - Assisting with college admission applications
   - Searching and applying for scholarships and grants
   - Filling out the proper Financial Aid applications and adhering to changing guidelines
   - Connecting youth to postsecondary education programs
H. APPRENTICESHIPS
The Subrecipient shall work in cooperation with local labor organizations to refer and encourage program customers to explore “pre-apprenticeship” programs. Several trades’ apprenticeship programs have pre-requisites to enter the program, which include educational skills criteria. The Subrecipient shall ensure customers are exposed to basic skills remediation, GED attainment and the required academic education, so that customers can be considered for apprenticeship training.

I. CASE NOTES
WIOA adheres to a case management approach to service delivery. Integral to this approach is the maintenance of comprehensive case notes for each customer by the Subrecipient. Case notes are critical and provide evidence of services and activities provided to customers while enrolled in WIOA activities as well as compliance with federal, state, and local laws and policies. The Subrecipient shall follow Local BFWDC WIOA Case Notes Policy #2015-14 during the customer’s participation in the WIOA Youth program.

J. REFERRAL PROCESS
Subrecipient shall be responsible for assuring that effective, customer-friendly referrals occur between TC Futures staff and community partners. To achieve seamless, efficient and customer focused services:

- Customers seeking services shall be assessed for interests and needs and provided information on the full range of services available at TC Futures;
- Customer referrals to partners at TC Futures shall be facilitated in person, by phone, written or electronic means;
- Customer referral information will be recorded in the State’s Management Information System (MIS) to ensure that the referral is maintained as part of the customer’s permanent services history. Documentation includes:
  - Identified customer needs/basis for referral (what factors prompted the staff person to initiate the referral, customer circumstances/needs).
  - Date of referral.
  - Agency acceptance of referral/date of planned meeting with customer.
  - Referral outcome and/or next steps.

K. CO-ENROLLMENT BETWEEN CONTRACTS
Co-enrollment is when two programs enroll and serve the same individual concurrently or sequentially. The objective of co-enrollment is to broaden the services and placement support needs. The Subrecipient shall justify and document the customer’s need and the services to be provided prior to co-enrollment. No duplication of service will be allowed. Customer must have a clear understanding of the programs they are participating in and case notes shall be used to document separation of services.
I. **EXPAND PARTNERSHIPS**

The Subrecipient shall work to connect with new local businesses and build upon already established relationships. Under WIOA, employers are a primary customer. The Subrecipient shall keep up-to-date with local industry sectors and help develop the skilled talent needed by regional industry clusters to fill demand occupations.

The Subrecipient shall engage employers, business associations, secondary and post-secondary education partners, private training providers, apprenticeship programs, chambers of commerce, community partners and other workforce and economic development groups to supply the talent that businesses need. These relationships will enable the subrecipient to identify candidates who can become job ready through Work-Based Learning (WBL) or short-term training.

Employer involvement includes speaking to trainees to bring industry-based rigor and relevance to the learning process. The Subrecipient shall gain traction in requesting employers open their doors to provide company tours, job shadows, interviews, job search coaching, internships and jobs. The Subrecipient shall be adept in facilitating these interactions between employers and customers to meet employer staffing needs and fulfill our customer’s goal of family supporting employment.
