**Meeting Date Requested:** 12/17/2019  
**PRESENTED BY:** Carlee Nave

**ITEM:** (Select One)  
- X Consent Agenda  

**Brought Before the Board**  
**Time needed:**

**SUBJECT:** Authorizing special enrollment period for employees who did not enroll in 2020 benefits plans during open enrollment

**FISCAL IMPACT:** Minor indirect fiscal impact for administrative time to administer the additional enrollment period and to calculate and execute any payroll reconciliation necessary as a result of new plan selections

**BACKGROUND:**  
The open enrollment period for 2020 employee benefits was November 4 – November 17. HR engaged in a robust communication strategy for open enrollment for 2020 benefits. Communications included:

**October 17, 2019**  
E-mail was sent to Benefits Committee representatives letting them know the dates of open enrollment, including the benefits fair. Reps were encouraged to share this information with their groups so they could plan and watch for the additional information that would be coming.

**October 29, 2019**  
All-County e-mail was sent out notifying employees of the benefits fair date/time, enrollment site instructions, and link to all benefits materials on the public drive.

**October 30, 2019**  
Open Enrollment announcement and materials were posted on Employee Online in time for employees to reference when pulling their pay stub for the October 31 payroll.

**November 4, 2019**  
All-County e-mail was sent out reminding employees that open enrollment begins today, date/time for benefits fair, where materials can be accessed (including directly from HR where hard copies were available), and included a reminder about submitting medical waiver information within seven days of enrollment.

**November 6, 2019**  
All-County e-mail was sent out at the beginning of the benefits fair, reminding employees that Conover Insurance reps were available to assist with enrollment. An additional communication went out about halfway through the benefits fair encouraging attendance. At the end of the day, an additional e-mail was sent communicating the prize winners, reminding employees of the open enrollment deadline, and giving the Conover rep information if they would still like assistance with enrollment.

**November 8, 2019**  
All-County e-mail was sent out with Life Flight FAQ. Additional e-mail went out to Benefits Committee reps with completion status information and encouraging them to reiterate the open enrollment deadline with their groups. HR also solicited information regarding any employees on leave so that we could reach out to those employees directly (if we weren’t previously aware of their leave status).
November 12, 2019
All-County e-mail sent out with enrollment site instructions, deadline, consequences of not completing enrollment, and Conover contact information for assistance with enrollment.

November 13, 2019
E-mail to Benefits Committee reps, HR, EO/DH, key admin staff, and union reps (where applicable) listing employees in each group who had not completed enrollment along with a listing of the plans they will be enrolled in if they take no action, and requesting them to let us know if there are any employees on leave who we need to contact directly.

November 15, 2019
E-mail reminder to employees’ County and personal e-mail addresses (where available) reiterating the enrollment deadline, listing the plans they will be enrolled in if they fail to take action, and giving them Conover contact info for assistance with enrollment. For employees with no e-mail address available, HR contacted them with the same information via telephone.

The Benefits Administration Policy states:

IV. COVERAGE CHANGES
Coverage changes following initial enrollment can be made only in the following situations:

A. Open Enrollment
1. During the annual open enrollment period, employees must make plan elections for the upcoming plan year.
2. Failure to take action on plan elections during open enrollment will result in the employee being enrolled in the lowest cost employee-only plan.

On November 18, 2019 the benefits enrollment system was closed to enrollments and employees who had not completed their 2020 enrollment selections were enrolled in the lowest cost employee-only plan for all lines of coverage, in accordance with the Benefits Administration Policy. It is necessary to close the system after the open enrollment period to allow for information to be extracted and entered into the ONESolution system for payroll.

Following notifications of the auto-enrollment selections, we had employees request exceptions to open enrollment for a variety of reasons. We are bringing those requests to the Board today for consideration.

At this time, we have already processed half benefits payments on the December 12 payroll and the second half of that process will occur on the December 26 payroll. We are recommending the Board grant a special enrollment period to these employees for December 17 – December 20 to allow them one more opportunity to complete their enrollment selections for 2020. Reconciliation will be completed, as necessary, on the December 26 or January 9 payrolls, depending on the timing of selections and payroll process.

RECOMMENDATION: HR recommends approval of the resolution as presented
**COORDINATION:** HR worked with Conover Insurance before and during open enrollment to ensure the availability of enrollment assistance to any employee who requested help. HR also partnered with the Benefits Committee representatives in each office/department/employee group to utilize their help in encourage employees to enroll during the open enrollment period.

**ATTACHMENTS:** (Documents you are submitting to the Board)

1. Resolution
2. Benefits Administration Policy (for reference)
3. Exception requests from employees

**HANDLING / ROUTING:** (Once document is fully executed it will be imported into Document Manager. Please list name(s) of parties that will need a pdf)

Thanks Maureen- is your work email the best way to contact you with the enrollment instructions should the Board approve an exception?

Good luck on your trial!

I apologize for not completing the open enrollment in time. Daniel Stovern from my office did remind me about it & I got very busy & then unfortunately later forgot.

I am currently trying the Homicide case State v. Jerry Porter with Shawn Sant. The preparations have been extensive & my mind, time, & focus have solely been on that. please grant me an extension.

Apogetically,

Good Afternoon,

To: Board of County Commissioners

From: Captain Adam Diaz

Subject: Exception to the policy and allow additional window to complete enrollment (Benefits Plan)

I am requesting to be allowed the extended time to complete my enrollment benefits, due to the fact that I had submitted a waiver of benefits to Human Resources several weeks ago, because I am covered by my wife’s insurance. I later was not aware that I had to complete any additional enrollment after submitting my waiver. Would you please consider this request? Thank you for your consideration.
To whom it may concern,

I have failed to opt out of my insurance enrollment before the deadline, and was auto enrolled into a plan that I have no need for. I attempted to log on to the self enrollment website, but was unable to on Friday the 15’th. I tried calling HR but it was after business hours. I was then sent out to the field with the WA Army National Guard and was unable to access the website further due to lack of signal in the field. I then attempted again when I got back, but again was unable to get the login/password to accept a log-in.

It is on me that I waited so long to try, but I did attempt to on Friday the 15’th, and again on Sunday the 17’th when I returned from drill. I am currently covered by the Army through tri-care reserve select. The only coverage that I claim through Franklin County is Dental and Vision for my family.

I ask that you make an exception in this case, as I did faithfully attempt to submit on time, but was unsuccessful logging on with the directions provided in the email.

Thank you.

Subject: Written request of exception to the Insurance auto enrollment policy.

To whom it may concern;

Leading up to the closing time frame of the enrollment period, I submitted documentation to the Human Resources Office with proof of enrollment for my insurance plan which I receive through the Marine Corps. I was informed by HR that my information was received, and I would also need to go online and enroll in vision and dental, for myself only. I made several attempts (over 30) to do this using the provided website, I was continually unable to log in to the website. I used the suggested login information, and the suggested password, as well as others, (one number up or down, just in case there was an error made when someone was setting up my account). I also made several attempt to log in from other computers, Mac, PC, public access, etc. I was continually unsuccessful in my attempts. Due to the fact that at the time, I was working a night shift rotation, I also was not able to get in contact with anyone from the help desk, and the phone number listed on the website was not helpful. After 4 days of attempting to access the website, my wife and I came to the understanding that because I had expressed my desire of not having any health, medical, dental, vision, etc coverage through the county, that “It must be all take care of.”, and that there was no further actions necessary for me to complete, in order to have the contributions linked directly to my HRA VEBA account, as it has been for the previous years I have worked here.

Please allow me an extension period of time to identify what the problem with my log in information, and password is, and therefore get enrolled in the plan that best suits me and my family.

Thank you for all of your help, and I apologize for the inconvenience this matter has caused.

Sincerely,

Marc T Garcia
