Summary / Background Information

The Juvenile Detention Alternative Initiative (JDAI) uses data driven decision making to review which youth are being detained in detention and to determine which youth should be eligible for a lesser restrictive environment that does not compromise public safety and will ensure the youth will appear at future court hearings, improve court processes, identify and reduce racial disparities, evaluates the conditions of confinement, and identifies special detention cases for analysis of processes and practices. The end results of JDAI is the delivery of a juvenile court system that makes program decisions based on accurate and complete data; detains youth that pose a risk to the community or who have tried to take advantage of less restrictive alternatives; provide a continuum of options for holding youth accountable for criminal behavior and non-compliance; delivers a swift and fair court process and delivers programs that are culturally appropriate and evidence based; and provides for appropriate alternatives to secure confinement. The Benton-Franklin Counties Juvenile Justice Center has been a JDAI site since 2007.

The Benton-Franklin Counties Juvenile Justice Center will address the eight strategies of JDAI, to include Collaboration & Governance, Utilizing Data, Detention Admission Policies, Alternatives to Detention, Expediting Case Processing, Reduce Detention for Warrants, Reduce Detention for Probation Violations, Reduce Racial Disparities, Conditions of Confinement, and Domestic Violence Youth. The term of this agreement is July 1, 2021, to June 30, 2023.

The State will pay according to the conditions set forth in Exhibit A, Statement of Work of the Program Agreement.

This project is grant funded. The maximum amount payable to the Counties is not to exceed \$49,000.00.
